Presidents Report:

On behalf of the club, Chip Kyle thanked Ann Morrow and Kathleen Hellem for their hard work and great organization coordinating and organizing the club's summer picnic, and added that more people attended the picnic than ever before.

Chip thanked the many club members who either rode or volunteered at the Beaverton Banks and Beyond Bicycle Classic, and noted what a valuable service this organization provides to the community.

Chip reported that the club website project is moving forward and that phases 1 and 2 were complete. Stage 3, the data upload would be commencing soon and going live should happen within a couple of months. He further reported that the new website will be available to all mobile platforms and that ride leaders will be taking a more active role in getting their rides posted by completing online entry of all the required information for the ride and that the road captains will then proof the submission prior to completing the online posting.

Chip reported that the last charitable contribution approved by the board in 2015, had been made to BTA in the amount of \$1,000 after a presentation to the PWTC Board by Rod Sadowski, president of BTA. He also announced that BTA had changed their name to The Street Trust, to more accurately reflect their broad focus on safe transportation.

Chip reported that Brian Hammer will not be running for the Road Captain position at the next election because of his emerging role as Pioneer Century coordinator. As a result, the club is recruiting for road captain candidates.
